EXHIBITION CALL

Dear Designer,

As Giresun University Görele Faculty of Fine Arts, Graphic Design Department, we would like to inform you with regret that we will not be able to realize the opening ceremony of our design exhibition on the theme "What Unites Us?", as a part of "April 27, World Design Day", due to the Covid-19 pandemic. Accordingly, in these bad days, our need for hope and human values, such as, love, respect, peace, equality, health are increasing. Our motive as a team is that emphasizing these human values through design in these productive days that we spend at home will help to increase hope. For this reason, we have decided to display our exhibition as "Online". Design works will be sent to us online as their copyrights are protected. After the preliminary evaluation process of design works, designers will be informed; in this context, the website link that design works exhibited, the digital participation certificate and the digital catalog will be sent to participants. It is planned by us to realize the physical opening of our exhibition in a healthy time when the necessary physical conditions are met. In this process, the updated calendar and the contact information determined for you to participate in our online exhibition are specified below. Thank you for your interest, we wish you healthy days at home filled with design.
